

ACADEMIC INTERVENTION AND RESPONSE (AIR)

Request for student to participate in voluntary AIR programs 2024

AIR is an opportunity for students to engage with programs that target specific literacy and numeracy skills. At times, students will be required to attend compulsory programs that will allow them to further develop and practice these skills. Students will be notified via Compass on a weekly basis when they are required to be at school during AIR time.

In addition to compulsory programs, we also offer a voluntary parent request session for students who may not be able to be adequately supervised at home during AIR time. Please complete this form if you would like your child to participate in the voluntary parent request on offer at Redcliffe State High School.

Students who are placed on the compulsory programs do not need to complete a form, it is an expectation that they will be in attendance.

Student's Name: _____

Year Level: _____

I would like my child to attend the supervised study sessions for the year from Weeks 1-9. During this time, students are required to come prepared with work to complete. I am aware that during this time my child will be participating in quiet, supervised study unless they have been identified by the school as requiring additional intervention.

Students in attendance during this time must adhere to the normal school procedures. Any breaches of school rules will be handled as per normal school policy.

This form must be completed and handed to the office or emailed to air@redcliffeshs.eq.edu.au
