

Selection Process

1. APPLY – Register for a trial or audition and complete both: The Selective Entry Program Application Form and either the Expression of Interest (EOI) for Out of Catchment students or Enrolment paperwork for In Catchment students

2. TRIAL – Students participate in program-specific trials or auditions during Week 10, Term 2:

3. SHORTLIST – Students will be shortlisted based on their performance, with successful applicants notified. Out of Catchment students will receive formal enrolment offers at this stage.

4. ENROL – Families finalise enrolment by attending an enrolment interview and paying the relevant program fees.

Once families register for a trial or audition, our school will contact them with further information and permissions specific to their chosen program.

Creative Industries

Program of Excellence

Drama, Music, or Art/Media

Can I apply if my student is out of Catchment?

Yes. As this is an approved program, we can accept out of catchment students through the audition process.

What if my student auditions but does not get accepted?

You can be placed on a waiting list. Or if the student is in catchment and already attending the school, you can reapply at the end of that term.

What is included in the cost?

Depending on the subject area and what is available in that year, the cost covers all workshops, incursions, excursions, transport, performance requirements and extra materials.

Soaring Above and Beyond Expectations

Can students be in more than one Excellence Program?

Students can only be in ONE Creative Industries Excellence Program (Drama, Music, or Art/Media). Students who select a Creative Industries subject cannot do STEM. However, students can be in a Creative Industries and Rugby League Excellence or Girls' Sport and Fitness. Please note, as Creative Industries is an approved program our events take priority over other extension programs. This is very rarely an issue as we provide ample time for students to arrange.

Who can apply to Excellence Programs?

Anyone! Our programs are offered in Year 7–9 at Redcliffe State High School. You do not need any experience to apply, just an interest in the area and some enthusiasm

How does my student apply?

In Year 7 – sign up for our Audition Days, bring your application form with your latest report card
In Year 8 or 9 – contact HOD of Creative Industries and information will be provided.
